EMPLOYMENT EXPERIENCE

Onsite Support Engineer – New Technology Group (Dell,vmWare, Fortinet,HP, Lenovo)

<https://ntgconsultancy.com/>

- **Systems Administration:** Setup, Windows Server 2025, Active Directory, created and managed domain user accounts and maintained domain integrity. Deployed NComputing server infrastructure to optimize multi-user workstation environments. Also performed Finacle Banking System setup
 - **Network Operations:** Installed and configure **Fortigate Firewalls(30E, 40F, 60F), FortiAP 231K, ARUBA access points, and TP-Link extensions.** Execute full-cycle installation of network cabinets, patch panels, and PoE switches. **Troubleshoot and resolution of DHCP, DNS issues**
 - **Setup and configuration of** Grandstream PBX telephony solutions and Cisco Configuration Assistant(CCA) for IP phones.
 - **SLA & Infrastructure:** Conduct (SLA) Service Level Agreement inspection on IT and Security Infrastructure(**Bank of Baroda Botswana, Nutri Feeds Manufacturing Plant, Yerushalmi Bros Diamond Polishing, and Clutch & n' Brake Specialists**)
 - **Physical Infrastructure:** Routing, termination, and cable-tracing of CAT7 and Molex modules. Apply AC/DC power principles for UPS deployments and backup power. Tracing cables with Network Tone Tracer.
 - **Quality Assurance testing** of every network cable with **industrial PoE network fluke tester** to ensure optimal quality and efficiency in data transmission. Tests included (**cable length, type, transmission speed, wiremap results**)
 - **Video Conferencing setup and configuration**
 - **Security & Voice:** Implement and maintain **Hikvision/Uniview** surveillance systems (**CCTV, access control magnetic locks & readers, Time and Attendance and Door closures**)
 - **Technical Governance:** Draft and revise IT infrastructure policies and standard operating procedures (SOPs) for end-users.
 - **Hardware Lifecycle:** Perform hardware refreshes, OS cloning, and data migrations; decommission legacy hardware according to industry standards.
-

IT Technician Caption Enterprises 2020 – 2024 <https://captionenterprises.com/>

- **Component-Level Repair:** Diagnosed and repaired Power Supply Units (PSUs) by testing voltage and continuity; performed precision soldering to replace leaking or failed capacitors.
- **Hardware Lifecycle Management:** Executed full desktop overhauls, including motherboard, processor, and RAM upgrades, alongside critical BIOS updates.
- **System Administration:** Managed routine system backups, OS deployments, and software configurations for desktops, laptops, and peripheral devices.
- **Specialized Maintenance:** Provided firmware upgrades and preventative maintenance for industrial printing machinery.
- **Surveillance Integration:** Installed diverse security solutions, including Analog, IP-based, and Solar-powered surveillance systems.
- **Client Relations:** Delivered technical support and end-user training to improve client digital literacy and system efficiency.
- **Web Development:** Designed web portfolios for clients

COMPLETED PROJECTS

- **Lobatse Qualimed Hospital:** Performed large-scale installation of 44 Hikvision CCTV cameras and an integrated access control system wiring (3 readers, no-touch buttons and door closures) and Video Conferencing system setup and presentation. **November 2025**
- **Lyra Botswana:** Installed and configured 5-camera Hikvision CCTV security network and remote view. **January 2026 Mr Tshepo Johnson+267 72 899 619**
<https://icasbotswana.co.bw/>
- **Media Flix:** Installation and configuration of 7 IP Hikvision Cameras. 2 Bullets and 5 domes. May 2026 <https://www.mediaflix.co.bw/>
- **Bank of Baroda Datacenter:** 4 Uniview IP CCTV camera setup and 2 Hikvision Access Control Reader setup
- **Phoenix Insurance Setlhoa Branch:** Installation of 4 access hikvision readers, setup and programming of fortigate 60F firewall and VPN setup linking to Francistown and Headquarters Branch. <https://www.phoenixbotswana.com/>
- **Legalwise:** Setup and configuration of Logitech Video Conference System. June 2026
<https://www.legalwise.co.bw/>
- **Nutri Feeds Botswana:** Installation of 60 network points, 5 PoE 24 port switches(NetGear) August 2026 <http://www.nutrifeeds.co.za>
